

Gilford District PTA Scholarship Application **Summer Opportunities for Children**

May 5, 2017

Dear Parents and Students,

The Town of Gilford is fortunate enough to have many summer programs open to young people. The Gilford PTA and Gilford Parks & Recreation are offering some scholarships for these programs. Additionally, due to community support we are also able to offer scholarships to the Gilford Summer Program. The primary goal of these scholarships is to help families with financial needs allowing children an opportunity they otherwise may not get.

Gilford students whom are age eligible may apply for a scholarship for ONE of the programs listed. In conjunction with guidance, the Scholarship Committee will assign the scholarships. Applying for a scholarship does NOT guarantee the student will receive one. The application is below; please return by May 18, 2017 to the GES office. Please note that we cannot provide transportation to any of these activities.

Any questions regarding scholarships can be directed to Sharyn Sasserson, the PTA President at 491-7491. Any questions regarding the camps or activities may call the Gilford Parks and Recreation office at 527-4722 or GES for the Gilford Summer Program.

Sincerely,

Gilford District PTA & Gilford Parks and Recreation Dept.
